

Gallery in The Woods

SPONSORSHIP DECK 2017

RACHAVA KK 2017

An abstract digital artwork featuring several 3D pyramids. The pyramids are composed of various textures: some have a fine, wood-grain-like pattern in shades of purple and blue, while others show a more complex, layered structure with colors ranging from teal to dark brown. One pyramid on the right is covered in a dense, black, pebbly texture. The background is a dark, muted green. In the foreground, there's a dark, reddish-brown, textured surface that looks like a landscape or a base. A white rectangular box with the text "A TOTALLY NEW WAY TO EXPERIENCE ART" is centered over the middle of the image.
