present

The Lived South

creating *3rd spaces*

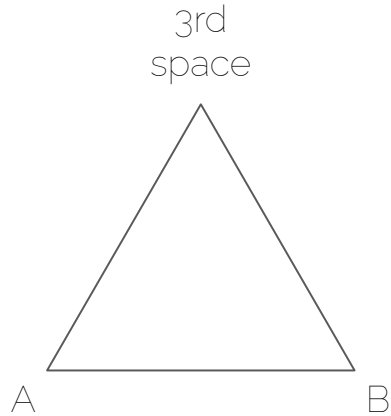

WHAT?

A movement for creators by creators to support eachothers spirits by creating 3rd spaces

- to help them manifest ambitious work
- to build an organic ecosystem through community and space
- To unite seemingly desperate personal and universal binaries

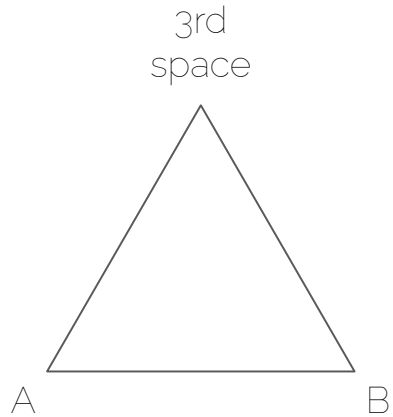

WHY?

spawning an alt conscicouness through a new generation of creators through this movement

Values of the movement

1. Free up the creator to create
2. Operate from abundance not scarcity
3. Protect and develop that which is sacred within each of us
4. Live like an artist - Embodied art
5. Satisfy both one's personal and communal needs - communal trauma
6. Celebrate life

How?

1. Create alternate institutions of power and credibility
2. Have a global presence and voice
3. Redistribute power and wealth in fair ways
